RE: Grand Jury Report Response

Dear Judge Aronson,

In response to the 2015-16 Grand Jury Report recommendation:

R2. The Sutter County Superintendent of Schools look into creating a position, made available to all school districts that solely writes grants to maximize all necessary tools for achieving modern standards for education. This position should be funded by commission on the grants received.

The Sutter County Superintendent of Schools disagrees with the finding as we believe that this service is currently being adequately provided to Sutter County schools districts and charter schools. The Sutter County Superintendent of Schools provides grant writing support with current staff of departments, imbedded in the duties of their position, not by one person specifically as their sole assignment.

Sincerely,

Dr. Baljinder Dhillon
